Re: Effect of inactivity and undernutrition following acute ischemic stroke in a rat hindlimb muscle model

Dear Dr. Choe:

It is a pleasure to inform you that your manuscript has been accepted for publication in *Nursing Research*. Enclosed is an Author's Agreement form which you should complete, have each author sign, and return to me at the address above as soon as possible. You may make copies as necessary.

Some editing may be done on your manuscript before it is forwarded to the publisher. Do not send a new copy of your manuscript at this time. Please note the following minor revisions:

- Page 13, lines 11 & 12 – Are the following edits okay? “The I N NaOH (0.5ml)...”; “The Bio-Rad (lm)...”.
- Please verify “mixed with a diluted solution 100 times from 10 ul sample”
- Figure 1 – Please add the acronym notes to the bottom of the figure legend (should not be within the figure itself) – Can you send us a better copy? Some of the letters do not show up inside the boxes – can these be fixed?
- Figure 2 & 3 - Some of the title letters overlap one another. Can you please fix these? Maybe another font style would work better. Thanks.

Please also note the Final Checklist that is attached.

It is not clear at this time just when your article will appear in print. Before publication, you will receive your typeset manuscript from the managing editor for your review. Printing schedules require that you return the copy to the publisher within 48 hours of receipt. Please notify us immediately of any change in your address so that unnecessary delay can be avoided.

Feel free to call or send e-mail to the above address if you have questions. Please visit our Website at <http://sonweb.unc.edu/nursing-research-editor> for further information. Thank you for submitting your research to *Nursing Research*. We look forward to the final steps in the publication of your work.

Sincerely,

Molly C. Dougherty, PhD, RN  
Editor
