Subject: RE: NRES Decision

Dear Dr. Dougherty,

We are very pleased with the decision. I will upload the changes on Thursday - I think taking out Table 1 is fine and I just added a few sentences to the narrative. We would be happy to have you post the original manuscript and reviewer comments on the Web site (I agree - they were extraordinarily helpful in terms of refining the manuscript). What documentation, in addition to the Authorship Responsibility, Financial Disclosure, and Copyright Transfer form, do you need from us indicating that we agree to the posting? Also, where should we send the hard copy of the signed Authorship form?

Lorrie
